## FORESTVALUE FINAL CONFERENCE

Madrid, 28-29 September 2022,  
Royal Botanical Garden (RJB)

We are pleased to welcome you to the ForestValue Final Conference. After 5 years and 2 joint transnational calls and a long time without personal meetings we have a lot to present and discuss with our stakeholders from industry, academia, funding and policy-making organisations in the forest-based sector. We're looking forward to seeing you in Madrid!

Apart from selected keynotes, networking and other side-activities, the event will bring together JC2017 project coordinators to present their outcomes and results. We will also take advantage to kick-off and learn from the objectives and planned activities of the granted projects in the JC2021 call.

The conference is limited to 100 participants. The first priority was given to ForestValue partners/projects and their stakeholders.

The conference will also be live streamed and you are welcome to attend the conference online. Please note that there is a separate link for Day 1 and Day 2:
