

INTERNATIONAL WEBINAR

TREE RINGS - INDICATORS OF PAST, PRESENT AND FUTURE FOREST RESILIENCE TO CLIMATE CHANGE

Moderators

- **Dr. Ovidiu BADEA** - Senior scientist, "Marin Drăcea" National Institute for Research and Development in Forestry, Romania

- **Dr. Ecaterina APOSTOL** - Senior scientist, "Marin Drăcea" National Institute for Research and Development in Forestry, Romania

Welcome coffee and registration

11:00-11:40

Opening

11:40 -11:50

Guest speakers

11:40 -11:50

Ass. Prof. dr. Michal BOSELA - Senior scientist, Technical University in Zvolen, National Forest Centre, Slovakia

Quantifying and modelling forest resilience: Concepts, indices, and modern approaches

12:05 - 12:20

Dr. Ionel POPA - Senior scientist, "Marin Drăcea" National Institute for Research and Development in Forestry, Romania

Beyond linearity: decoding space-time complexity in tree ring climatic signal

Q&As from the audience

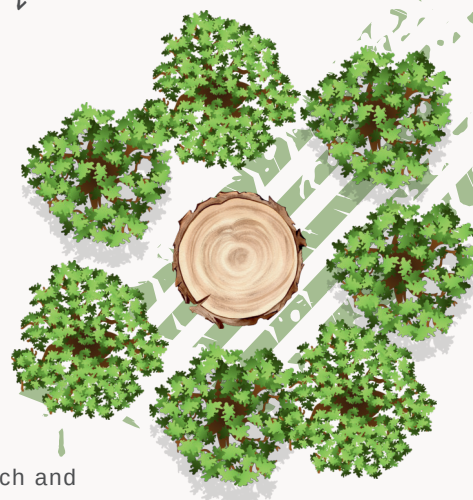

12:20 - 12:50

Asking Guest Speakers for take home messages and closing of the Webinar

12:50 - 13:00

OCTOBER 22ND 2025, BUCHAREST, ROMANIA

Silva Complex, 9A Petricani Street,
Bucharest, sector 2
